**MATRIX HARMONIZATION**  
**OF THE ENERGY FIELD OF THE BEING**

**Session** : I offer you an individual treatment of about 1 hour, you are serenely lying in a calm and welcoming environment, without any disturbance (live at home or here in Brussels). You are immersed in an infinite BATH OF LIGHT and you let yourself go into the Total Welcome which works in You and around You.  
At the end of the treatment, there is a sharing of the experience of the session and the information transmitted for the soul.

**Origin of these Christic Light treatments** (Kristos : cristal) : since 2009, following a *near death experience* (see in the "testimony" section [www.coeursoleil.org](http://www.coeursoleil.org)) and a long journey of spiritual awakening, I have been led to live, to be a Channel in the reunification with Christic energies. I received this healing in a semi-awakening state and it continues to evolve in intensity thanks to the expansions of Consciousness I experience. I transmit them today through the Presence of the LOVE Source energy.

**Treatment** : the physical body and the subtle bodies (which surround each living being) will receive Light in the form of new luminous sparks, new energetic encodings in order to transmute the old cellular memories and to activate a new potential of radiation, connected to the Harmonics of a Unified field.

⇒ Cell restructuring

- ⇒ Transmutation and regeneration of the organism
- ⇒ Etheric Light Surgery
- ⇒ Vibration elevation

*How? Through my Heart and hands (the whole Being is in fusion with the channel of Love Source). Through the Presence of Light emanated by the vibration of LOVE (undulations waves and frequencies of Light) which are tuned to the essential fundamental frequency.*

**Light** : an ATOM (miniature solar system) is the source of LIGHT, it is the Source of all particles, these particles are emissions of atoms, and atoms are also the source of what We Are. Light is made up of grains of Light interacting with matter.

**Benefits** : each BATH OF LIGHT treatment emits resonances with various frequency colors and the waves of Light undulations are welcomed differently according to each being. Indeed, we are unique in our Soul journey.

You gain global well-being, inner peace, expansions of consciousness, healings of certain physical and mental pains, decrystallizations in the physical body, visions, etc. Everything is possible in the Love that Works ...
